Dear Parents/ Guardians

We are halfway through the 3rd term and I believe the children that are back are quite enjoying the live interaction with their friends and the teachers.

We are so proud of the way in which they have adapted to their new school environment.

We do understand that some parents have exercised their right, obviously for the safety of their children, not to send the children back to school, yet. This means that there is a greater responsibility on parents to assist with the schoolwork at home.

Thank you for your support in that regard.

We will be issuing a 3rd term report at the end of the term. The relevant class and subject teachers will keep you informed of the assessment process for the third term. The children will be
